Hello hard working Interest Group Chairs,

In response to the current pandemic of the corona virus, and the guidelines that we have received, AAUW wants to ensure that our members are staying safe and protecting themselves from potential exposure.

We leave it up to you, as IG Chairs to decide whether to cancel your meetings or continue to hold them. The guidelines suggest that group meetings of over 30 people would be best postponed or canceled.

Common sense should prevail over panic so of course any members should stay home if they feel unwell, and anyone diagnosed or testing positive for the virus should follow their medical team's directions.

I hope our interest groups will continue to function as normally as possible and I wish all of you continued good health and a prompt resolution to this medical emergency.

Best Regards,

Pip Bodkin

IG Coordinator
