

Program by Dr. Spaulding Recording Now Available

Audrey McGuire and Dr. Stephany Rose Spaulding co-hosted the Public Policy webinar on February 27, 2021: *Recovering from Racism: Foundational Conversations We Need to Have*. Dr. Spaulding's presentation will be a significant resource to AAUW as we endeavor to embrace the cause of antiracism. Nancy Holt was the Q/A manager and read the questions from participants. Nancy's adept moderation of this interactivity was a successful informative addition to our program. The recording of our webinar was placed on the AAUW Facebook page: <https://fb.watch/4nsxjKRhxP/>

Cheyenne Edition and Woodmen Edition published a two-page article on the webinar reproducing much of Dr. Spaulding's excellent lecture. Click on this link to read:

Dr. Spaulding accepted our offer of membership to AAUW as an honorarium. We look forward to Dr Spaulding's valuable input with regard to the development of our Diversity goals put forth by our newly organized Diversity Committee.
