

Financial Report for Fiscal Year 2021-2022

We ended the fiscal year in good financial shape spending \$195 less than our income. Our membership income is less than budgeted due to changes at National on our website causing delays in processing renewals. Most of our operating income is generated through our Branch dues and an occasional donation to our General Fund. Last year \$200 was received through a donation. We had a very successful Author's Day which netted \$8962 towards the Local Scholarship fund. In addition, \$10,000 in donations were received to begin a scholarship in memory of Margaret Baptist. Through the Amazon Smiles, Kroger and Safeway programs, we were able to donate \$765 to the National AAUW Greatest Needs Fund. Below is the detailed financial statement.

Respectfully submitted,

Joan Skoog, Treasurer
